Compatible with iPhone, iPod Touch, and iPad! Search 'NEWIS' in the iTunes Store to download on your Apple device.

The National Hurricane Center issues Public Advisories on their website for active tropical cyclones every six hours at 4 a.m., 10 a.m., 4 p.m., and 10 p.m. CDT. When coastal watches or warnings are in effect, Intermediate Public Advisories are issued at either two or three hour intervals between the regular Public Advisories. Special Public Advisories may be issued at any time to advise of an unexpected significant change in the cyclone or when watches or warnings are to be issued.

## Mississippi 511 Traveler Information

Mississippi 511 is a free, statewide service that's available 24 hours a day, seven days a week. It uses an interactive voice response system with speech recognition as the primary interface with callers, allowing for hands free operation. Travelers can dial **511** or visit [www.MDOTtraffic.com](http://www.MDOTtraffic.com) for around-the-clock, real-time traffic updates as well as information about construction activities and weather-related road conditions simply by saying the route or region about which they are seeking information.

Traveler information is available in the Mississippi 511 system for all Interstates, and select US highways and State Routes, including US Highways 49, 49W, 49E, 61, 45, 45 ALT, 90, 98, 84, 82, 78 and State Routes 25, 6 and 302.

In utilizing 511, MDOTtraffic.com or MDOT's mobile smartphone application, travelers can obtain route-specific information including:

- Incident/accident information,
- Road construction and maintenance projects,
- Road closures, road diversions and major delays,
- Weather warnings and alerts,
- Emergency alerts including evacuations and amber alerts,
- Tourism information,
- Public transportation,
- Welcome centers and rest areas, and
- Travel times.

The goal of MDOT is to provide reliable, route-specific information to motorists through as many avenues as possible. Traffic resource options include text or email alerts; online, social media and smartphone applications; radio and television broadcasts and now 511. MDOT encourages motorists using 511 or any of its travel information tools to put safety first.
